MAYFLOWER SHORTHORN DISPERSAL

General Information

This is the Complete Dispersal of a good Shorthorn herd that was established in 1937. It has been built up to the point where a Reserve Grand Champion and First Prize Group of Three Bulls at Regina Bull Sale was produced here. They have been most successful showing steers both at Regina and Toronto Royal Winter Fair. Good bulls from Chas. Sinclair, Sifton; Syd Berry, Lashburn; and Claude Gallinger, Edmonton; have been used in the development of the herd and outstanding females have also been purchased from such Dispersals as Syd Berry's. Bill Bradley and myself visited the herd on May 23rd and attempted to get some pictures so that you might have some idea of the kind of cattle that would be on offer. We were very much impressed with the cattle. There are many great breeding cows and heifers in this herd. They are big, have tremendous depth and thickness, yet still have quality, style, femininity, and bloom. We know you will like them. The herd bull sells and also a top group of yearling bulls that many will want either to use this year on heifers or to grow out for next year when bulls will be as hard to get and as expensive as they are now. Every Shorthorn is being sold—a complete Dispersal. Mr. May is retiring and Bob and Edgar will each be on his own.

May's Advanced Registered Yorkshires are famous on both sides of the International boundary. At the 1957 Regina Fall Show they showed the Senior and Grand Champion Female, First place Breeders Herd, First place Junior Herd, and Second place Senior Herd. Since then they have purchased the boar that sired the First Prize Breeder Feeder group and the champion carcass at both Regina's Fall and Spring show. They are selling a wide range of ages, with some from all of their best breeding sows. See the details on the last pages of this catalogue. The Yorkshire breeding herd is being retained by Robert May.

The health of the herd is good. This is a T.B. and Bang's Free Area. Any known defects will be called to the attention of the buyers sale day. Since this is a Dispersion Sale on the Shorthorn cattle, they are being sold at the halter and without further guarantee. Regular breeding guarantees apply to the Yorkshires.

The terms of the sale are cash. Settlements are to be made with the clerk of the sale immediately at the conclusion of the sale. All stock are at buyer's risk as soon as sold. Cheques are accepted.

White, J. and D. P. MacGillivray
Drynie Rosebud 29th (imp) -397607-
Roan, R. Maclean

He was bought with his dam at the Syd Berry Dispersal. His mother sells as Lot 21. You will see that this bull is 100% imported Scotch Shorthorn blood. Syd Berry imported the sire himself at a cost of \$8000 and he bought both the sire and dam of SHIRLEY ROSEBUD at one of Grant Campbell's sales. CALROSSIE DAZZLER is the only bull to ever sire the Grand Champion female at both the Toronto Royal and Chicago International the same year. She was Law's DAZZLING PRINCESS heifer in 1951. This is a wonderful pedigree—several sons and daughters sell.

KILLEARN MONARCH 124th -295906-

Tattoo YYM 17B rt. ear, red, born April 3rd, 1947

Bred by Claude Gallinger, Tofield, Alta.

Killearn Monarch 34th
-267581-

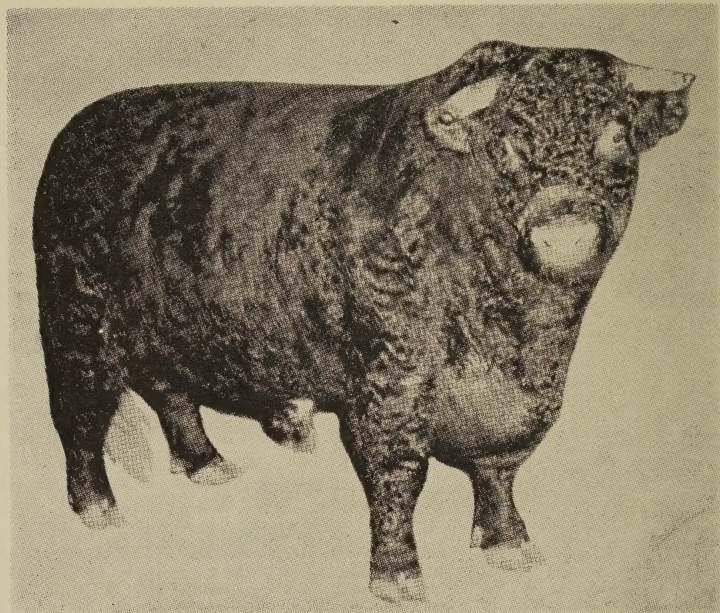

{ Pittodrie Monarch -229862- (286207)
Danny's Village Maid -270915-

Maxine Augusta Hope
-312517-

{ Killearn Max -241730-
Augusta Hope 3rd

This great "Monarch" bull was purchased at the Henry Washington Dispersal for \$1,700.00. He had left two calf crops there before coming to Mays. There are seven sons and eleven daughters of his in this sale in addition to nine calves by him that sell with their mothers. The Killearn Monarchs are noted for size and substance plus natural fleshing and thickness of fleshing. The Champion Range bull at Calgary was a "Monarch" and two of the most popular bulls at Gallinger's 1958 sale were "Monarchs". His dam is a double bred BALMUCHY JASPER. This breeding will improve any herd.

MAYFLOWER SHORTHORN DISPERSAL

KILLEARN NORMAN 8th

Supreme Champion Shorthorn 1949 Royal Winter Fair, Toronto, Ontario. Half-brother to the herd sire that sells as Lot 1.

Lot 1

HERD SIRE

KILLEARN NORMAN 18th -312232-

Born 1949, red, bred by Claude Gallinger, Edmonton, Alta.

Killearn Norseman 31st
-278062-

{Norseman -262240- (313499)
{Danny's Village Maid

Minto Jewel
-339811-

{Killearn Monarch 34th -267581-
{Peter's Jewel

This bull combines the best of Norseman breeding with the Killearn Monarchs. He was obtained in a trade for "Monarch" this spring and the females bred since May 1st all carry his service. They anticipate great calves from this bull and out of the "Monarch" daughters. He is a big, deep bodied, good headed bull that Shorthorn breeders should have a look at. If you need a herd bull or are not satisfied with the one you now have, this bull will fill your needs.

Her December 1957 litter sells.

WOODSTOCK DUKE 8J is the wonderful boar that sired the winning litter for Orville Clark, Saskatoon. He had a litter qualifying with a carcass score of 97 points with one pig scoring 99 points. Both of these figures are all-time records. Mr. Clark was awarded the Silver Pig Trophy for the highest scoring sow in Saskatchewan on the basis of this record. Mays have three daughters of this boar in the herd and each one of them have pigs in the sale.
